SUNDAY SPORT EXCLUSIVE By SIMON DEAN

AN evil gang of criminals have tried to RUIN megamodel Emily Ratajkowski's fairytale romance by offering to sell EXPLICIT snaps of her loved-up wedding night for a cool ONE MILLION POUNDS.

Emily, 26, shocked the world last week when she announced via social media that she'd tied the knot with producer Sebastian Bear-McClard, just weeks after their relationship was made public.

She took to her Instagram Stories to reveal the news, saying: "So. I have a surprise. I got married today."
The ceremony took place at New York's City Hall and social media star The Fat Jew was one of the witnesses.

Sunday Sport first learned of the vile scheme on Tuesday when one of our

Lady filth writer 'ran a brothel'

A "FEMINIST erotica" writer has been nicked for running a 150-girl prostitution ring with the help of her SON!
Fay Romesburg, 59, is accused of working with her son David, 38, to lure women into sex work, then arranging appointments for them at three properties in and around San

"continued assault on women's rights."

She has written erotic and sex-related works under the pen name F.R.R. Mallory. Fay denied that any prostitution took place in an apartment she rented home which

police alleged was used as a brothel.

Both Romesburgs have appeared in court but haven't yet entered pleas.

Barmy activists claim winter creations are 'too white, too male & elitist'

A GROUP of kids were left SOBBING after their freshly-made SNOWMEN were DESTROYED by a gang of so-called "gender activists".

The East brought blizzards and sub-zero temperatures.
Around 30 tots brought lumps of coal and carrots to fashion faces on their snowy creations, before a 1pm judging.

But the delightful winter scene was RUINED when a group of six protestors ran among the snowmen yelling: "Down with sub-zero gender

"She's always been one for dirty talk but this was just amazing. It was sheer filth. She said 'I want you to f**k me up the arse when your cock is all wet from her pussy!'

"Afterwards, I asked where that had come from. I'd assumed she was just talking dirty to me. But Della admitted it was a long held fantasy of hers." Andy and Della have been together for five years and for the past three have shared a flat. Della said: "Andy couldn't believe I was serious. But I was. Andy had no idea what was in store when Della asked Becky round for dinner, but the girls had it all planned out.

Psychologist Dr David Ley, author of Insatiable Wives, said: "We're hearing more and more about it these days, and more people are rejecting the social stigma against this fantasy."

He added that the fetish could even be

Dr Ley explained: "Couples I have seen who were most successful at making cuckolding a part of their sex lives had some of the most effective communication skills that I've ever seen in any couple."

And Dr Justin Lehmiller an assistant professor in psychology counselling at Ball State University in Muncie, Indiana, found that 58 per cent of men and about a third of women had cuckolding

Justin Bunn, 39, and Taylor Bunn, 19, were charged with incest stemming from an alleged sexual encounter that took place just before 11am on February 18.

According to a police report, a witness claimed to have seen the father-daughter duo "having sexual intercourse in a missionary position" in the yard of a property.

BRIAN admits that he hid his fetish from wife of 20 years Linda until four years ago.

He said: "It goes against everything you are brought up to believe. You are supposed to hate the idea of your wife having sex with another man.

"The thought of it turned me on incredibly. But how do you bring up something like that?

"Linda and I have a very good and adventurous sex life. We've done role playing, bondage, spanking, the lot.

"We even went to a dogging site once, just to watch.
We didn't join in but when we got home we had some
of the best sex of our lives."
Brian's secret fetish was discovered quite by chance.
Linda said: "I asked to use Brian's laptop to order some things online and, without thinking, he said 'Go ahead'.

"He babbled 'I can explain!' but I laughed and we talked about making his fantasy a reality.

"Just talking about it was a huge turn-on and he became aroused. We had sex there and then."

Over the next few weeks, Brian and Linda worked out the logistics of how to invite a third person into their relationship.

Linda said: "We decided to bring in a male escort. We thought about going to a sex club but we wanted to start off with a situation where we'd be comfortable and in control.

"That meant at home and bringing in a professional, if you like.
"We tried quite a few male escorts in our area but a lot were just for gay men and a lot more would not do anything if a hubby was watching.

"Then he went down on me and I looked Brian in the face while Klint's tongue flicked over my clit.
"Brian was loving it. He was naked and pleasuring himself.

Horny

"Then Klint had sex with me. It was awesome. Brian stepped over and came in my face at the same time that Klint came. It was like a scene from a sex movie.

"When the escort had gone, Brian had sex with me. He'd recovered very quickly. I've never known him so horny."

Brian said: "We both loved it. It was such an intimate thing to do. It won't be a regular thing – not at \$200 a pop! But it's added an extra dimension to our love lives."

Dictatorships

Plans to build new facilities under the North Sea were shelved in 2013 because the government — which sees fit to plough billions of pounds of our money into crackpot foreign dictatorships — would not allow energy suppliers a modest subsidy to make it happen. That means we have no reserves. And after a couple of days of bad weather, we're perilously close to running out, and demand has pushed the wholesale price we pay through the roof.

Expect that to filter through to your gas bill in double-quick time. Did the Whitehall mandarins who refused to help secure Britain's energy security REALLY believe their preposterous windmills would keep Britain warm?

Did they maybe think that the global warming they bang on about would remove the need for heating at winter?

Official Britain is on you like a flash if you owe a couple of quid on a tax bill, or maybe claim a smidgen too much in benefits.

They are efficiency itself if you park in the wrong place or put the wrong thing in your bins.

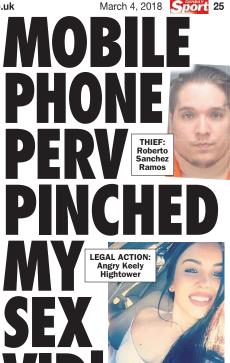

Say something ripe online and they're on you like a flash.

But when it comes to the important stuff—like this country's constitutional future or keeping us warm — our rulers are almost criminally inept.

Thankfully, there's a word for people like this.

C**TS.

A WOMAN is suing a phone shop worker

A WOMAN is suing a phone shop worker for invasion of privacy, claiming he stole a SEX VIDEO while fixing her mobile.

Keely Hightower said she thought the employee was taking too long when she took her phone to the store in Tampa, Florida, in May last year.

The next day Keely, 24, spotted an unfamiliar email sent from her account with an attachment in the trash folder.

She said the file was a video that she kept on her phone, showing her engaging in sex acts in bed with another person.

Keely realised it had been sent by the phone shop worker – Roberto Sanchez Ramos – to his personal email address, and she immediately called the police.

namos has a long rap sheet.

In 2013 he was nicked after he was caught stealing two iPads from a Walmart store where he worked.

Three years later, he was working at a mobile phone shop in Largo, Florida, when he pleaded guilty to scheming to defraud the business.

He was on probation when he was arrested in this latest case.

THEY always say you remember your first time...well, we've taken to the streets to find out if it's Each week Britain's babes will spill the beans on when they popped their cherries – and sharing the spicy details of some other first-times This week we get the filthy-deed details from two Northampton

FIRST SEX

JESSIE: I lost my virginity to my boyfriend's DAD when I was 18! He was divorced from his mum, not that it makes it any better. But what can I say? I was young and foolish and his dad was really

sexy.
I'd been seeing this guy I met in the pub for about six weeks when one night his dad came in the pub. He was only in his late 30s and was even better looking than my

30s and was even better looking than my fella.

At first I thought he was just being friendly, but then he started really flirting with me.I really fancied him.

So another night, not long after, my boyfriend was away on a course and I was in the pub with some friends and his dad came in and we got talking.

At the end of the night, he told me he'd

At the end of the night, he told me he'd walk me home to make sure I was safe. When we got to the door we ended up kissing.

I felt really grown up, and as my mum and dad were away for the weekend I invited him him.
One thing led to another, and before I knew it he was pulling my knickers off. I knew I shouldn't, but I couldn't help myself.

He slipped a condom on and gently pushed it in. It felt amazing. He took things really slowly and kept asking if I was OK. Too right I was! I orgasmed right then and a couple of more times soon after he asked.

I'm not sure who felt the most guilty

after he asked.

I'm not sure who felt the most guilty afterwards, me or him. I broke up with my boyfriend two weeks later. He just didn't match up to his dad.

ELEANOR: I popped my cherry in my parents' caravan at 17, while it was parked on the drive!

I'm surprised nobody saw us, because it was one of those old rickety things and it felt like it was about to collapse while we were doing it.

felt like it was about to collapse while we were doing it.

My fella and I had sneaked in there with a couple of drinks, and after getting a bit pissed he started to get frisky. We'd been seeing each other on and off for a few months and I really liked him, so after wanking him off for a bit I lay back on the pull-out bed and told him to climb on top.

I'd never seen him move so fast! It was hit it jett and because we didn't have any

I d never seen nim move so tast: It was a bit tight and because we didn't have any lube, we used a bit of olive oil that was in the cupboard.

It wasn't the sexiest thing, but it seemed to work, and I really enjoyed the sex—

apart from all the creaking

FIRST BLOWJOB

FIRST BLOWJOB

ELEANOR: I went down on my fella as part of a bet. My boyfriend was a massive Manchester United fan while I support Arsenal, mainly because my dad had brought me up to.

I didn't actually follow football that much but stupidly made a bet that Arsenal could still win the league and told him I'd give him a blowjob if I was wrong, which

I was. The last day of the season he came round to mine with a huge smile on his face, saying he wanted to cash in.

It was only morning, and normally we'd see each other in the afternoon, but what could I say? A bet's a bet. So while my family were tucking into their breakfast downstairs, I tucked into his pork sword.

Even though it was my first time, I felt pretty confident, and think I did a good job. I didn't get any complaints anyway.

It only lasted about five minutes before he squirted his sperm into my mouth. That wasn't very nice, so I spat it out on that occasion. But once I knew what to expect, I started swallowing. Now I wouldn't dream of spitting.

JESSIE: The first blowjob I gave was on this really fit lad in a club. I didn't even know his surname. He'd been eyeing me up all night, so I went over to talk to him and within minutes we were all over

within minutes we were all over each other. He was an amazing kisser.

It was one of those clubs with loads of dark, hidden corners. He

adventurous in bed, so when he found my vibrator hidden in my bedside drawer he wanted to use it on me.

I was so turned on when he started using it on me, and so was he. He got hard straight away and I really wanted him to shag me, but I didn't want him to stop using the vibrator either, so I asked if he wanted to do my other hole.

He thought I meant my mouth, so I gave him a quick suck and then guided him to where I actually meant. We needed a bit of lube and it was a bit sore at first but as

was well built, so when he started to probe my bum with his fingers and then asked if he could have sex with me up there, I was a tad nervous. But he was a great lover and made me relax so much that it just slid in. I didn't expect to get anything out of it but he must have found a G-spot as I came without even touching my clit.

I was worried afterwards that I'd be walking like John Wayne, but I've done it many times and never had any problems.

FIRST MASTURBATION

FIRST MASTURBATION
ELEANOR: I was watching a movie alone in my room one night and got so turned on by the lead actor that I felt this tingling sensation down below. I'd heard about masturbation, but thought it was wrong. Little did I know how right it was!

I started rubbing myself over my jeans, but I couldn't really feel anything. So I slipped them down a bit. My knickers began to feel wet, so I pushed them down and used my fingers on my clit. It felt sooo good! As soon as I felt myself coming, I pushed a finger inside and exploded. I went to bed so excited, that I ended up having a sex dream.

JESSIE: I must have been a slow learner because it wasn't until I was going out with my first boyfriend that I started to play

because it wasn't until I was going out with my first boyfriend that I started to play with myself for the first time.

Other girls had talked about it but I didn't really understand what they were talking about. But when I'd kissed the boy and felt his hands on me, I had feelings. When I went to bed that night I began rubbing myself and it felt good. I had a brilliart wasness.

pushed me up against the wall and was really turning me on. The next thing I knew he had his hand under my dress and was rubbing me over my knickers. I was

so horny that I came.
Then I slid down and undid his pants.
He had a fair sized willy and was so hard
that I didn't want to disappoint him. So I

put it in my mouth and started sucking. Luckily for both of us it didn't take him long, otherwise one of the bouncers might

have caught us.

Afterwards he had a really cheeky grin
on his face and looked like he'd won the
lottery. He asked for my number but I

oon as he got inside me I exploded. Having his cock in one hole and the vibrator in the other was the best feeling ever.

JESSIE: I love anal, I don't know why

such a big fuss is made about it.

I first did it about two years ago, and whenever I'm going out with a guy I

make sure I get some.

It's not something I do casually, but guys are always surprised when I suggest it – and I've never had anyone

Dear Ava,

I WORK in a factory. It's boring but loads of horny women work there and last month one of them, a blonde in her 30s, gave me a blowjob in the toilets at lunchtime.

the toilets at lunchtime.

The next day her mate wanted to see me. I was expecting another gobble but she demanded a shag.

Later that week I told my horny workmates it was my birthday soon. The blonde said she'd host a party for me and that she'd invite her mate, this gorgeous redhead in her late 20s who works in the office.

When I got there all three sucked me off and put on a lesbo show. It was the best birthday present I've ever had and our foursomes are now a regular event. How about that!

MT, West Yorks

Ava says...
I HOPE you take precautions or your factory will soon be making bables.

Dear Ava,

I WAS rummaging through my wife's clothes and found some crotchless knickers and a small vibrator. I managed to wiggle my arse into her knickers, then I lay on the bed and proceeded to have a wank. Then I switched on her sex toy and started to shag myself with the vibro. It felt great.

But my wife walked in on me, ordered me to bend over and shoved the vibro even further up my arse. She said: "If you want to dress like a bitch, you'll get f**ked like one."

I was a bit shocked by her reaction, but I'm starting to enjoy it. Anything wrong?

HY, South London

Ava says... NO. It sounds swinging.

OFF the already low, low price.

Down On Abby is a big budget, full length adult masterpiece starring porn legend Ben Dover and a cast of the hottest adult stars around. It will transport you to Bottomley Manor, home to the Lord Grabhem (played by Ben Dover), his wife (and 2014 AVN nominee)

Jasmine Jae, and their two young promiscuous stepyoung promiscuous step-daughters, Abby and Fanny.

The Grabhems have invited the Stiffies to dinner and their staff, led by butler Smalle** and footman Master Bates, hurriedly prepare to receive their honoured guests.

But during preparations some members of staff have their own ideas of how to make the night go with a bang! As dinner approaches it seems everyone's got more than fancy nosh on their minds. Mind you, there is plenty of noshing as well as lots of other filth that will even cause a crease in Carson's keks.

We see plenty of R18 DVDs at the Sport but this one is really something special and one you MUST not miss!

The first half went well for the visitors and they took the lead thanks to Cenk Tosun's first goal for the club.

But things soured as Burnley got their act together after the break.

The Clarets ended a run of 11 games without a win thanks to goals from Ashley Barnes and sub Chris Wood.

The second goal was a shocker for Everton as their

To make matters worse, Ashley Williams then saw a late red card for throwing

Allardyce was the target of plenty of stick as he walked off the pitch.

He admits thats it was another poor show on the

road.

Big Sam said: "We lost it by not scoring the second goal when we had clear, clear opportunities. At least three in the first half.

"Burnley hadn't won in 11 and if we went 2-0 up it

would have been hugely difficult for them.

"We gifted them a goal which lifted the spirits around the ground. And I always dislike conceding from a corner, it could be avoided.

IT'S MERV PAYNE WITH A FAN'S VIEW OF THE FOOTIE WEEK

LIKE the freezing, snowy 'beast from the east'. the VAR controversy just won't

go away.

As the country was plunged into Baltic weather conditions last week, Wembley witnessed the most shambolic side of this eagerly-awaited new technology

technology. How ironic that

the very home of football, which rose from the ashes of its Twin Towers predecessor and arrived amid a farcical catalogue of over-spending and construction cockups should be showcasing just what a laughable mess we're making of the latest

of the latest sporting technology.

As we keep hearing, it works fine in rugby, cricket and tennis, so why does it seem to have crashed and

crasned and burned so dramatically in football? Well for a start, no-one knows what's going on. In other sports, the whole process is narrated to fans.

the whole process is narrated to fans.

We know it's not an ideal way to settle a decision, disrupts the flow of the game and it would be far better if we didn't need it at all, but if we are going to have it, at least tell the fans what's going on.
At the moment, what adds to the

farce is everyone stood around

looking at each other like when

looking at each other like when those poor buggers dry up in Dragons' Den.

For God's sake, it can't be hard to come up with a hard and fast rule for applying VAR in the first place, speeding up the decision process, but most of all: actually telling fans what's

going on!

I suppose it's quite fitting that Wembley should have showcased the very worst side of VAR after the football farce just three days earlier that masqueraded

as the League Cup final. Arsenal's appearance was more like that of a plucky League One or Championship side that were just happy to be there and go through the motions.

The tin hat was well and truly put on top when Twitter went mad over the 'offside' that was missed for Manchester City's first goal.

Yes, literally thousands of know-it-all millennial social media wizards don't know that you can't

be offside from a goal kick. Modern football fans – don't you just hate them eh?

MERV'S FACT HUNT

Last week I asked: Can you name the Last week I asked: Can you name the four teams that have spent just one season in the Premier League? The answer is: Swindon Town, Barnsley, Blackpool, and Cardiff City. This week's Fact Hunt is: Who is the only player to have won the Champions League, Premier League, UEFA Cup and FA Cun, and he relacted from the FA Cup and be relegated from the Premier League? Answer next week

ONE SEASON: Blackpool

Mahrez late show stones Cherries

Leicester City

RIYAD Mahrez equalised SEVEN minutes into injury time as Leicester snatched a draw.

The Foxes playmaker showed his class with a pearler of a free-kick to grab a point. He cancelled out a

Joshua King penalty that looked as thought it had won it for Bournemouth.

He knocked home a penalty after he was brought down inside the box by Marc Albrighton. It would have been hard

on the home side to come vay from the game without a point.
